ACTION: Notice of Emergency Rulemaking Action
Title 28, California Code of Regulations

SUBJECT: COVID-19 Diagnostic Testing, Adding Section 1300.67.01 in Title 28,
California Code of Regulations; Control No. 2020-COV.

DATE: July 15, 2020

NOTICE OF EMERGENCY RULEMAKING ACTION

Notice is hereby given that the Director of the Department of Managed Health Care (Department) proposes to adopt an emergency regulation under the Knox-Keene Health Care Service Plan Act of 1975 ("Knox-Keene Act"), section 1300.67.01 of Title 28 of the California Code of Regulations.

NON-DELAY STATEMENT

The Director of the Department has determined the emergency situation addressed by this proposed emergency regulation clearly poses such an immediate and serious harm that delaying action to allow public comment would be inconsistent with the public interest.

Accordingly, the Department did not provide a five-day public notice period prior to submitting the proposed emergency regulation to the Office of Administrative Law. The Department requests the Office of Administrative Law similarly waive its typical five-day notice period.

Included in this notice is the specific text of the emergency regulation that the Department proposes to adopt and the Finding of Emergency pursuant to Government Code Section 11346.1, subdivision (a)(2).

You may also access the proposed Emergency Text and the Finding of Emergency at the Department's website at the following location:
